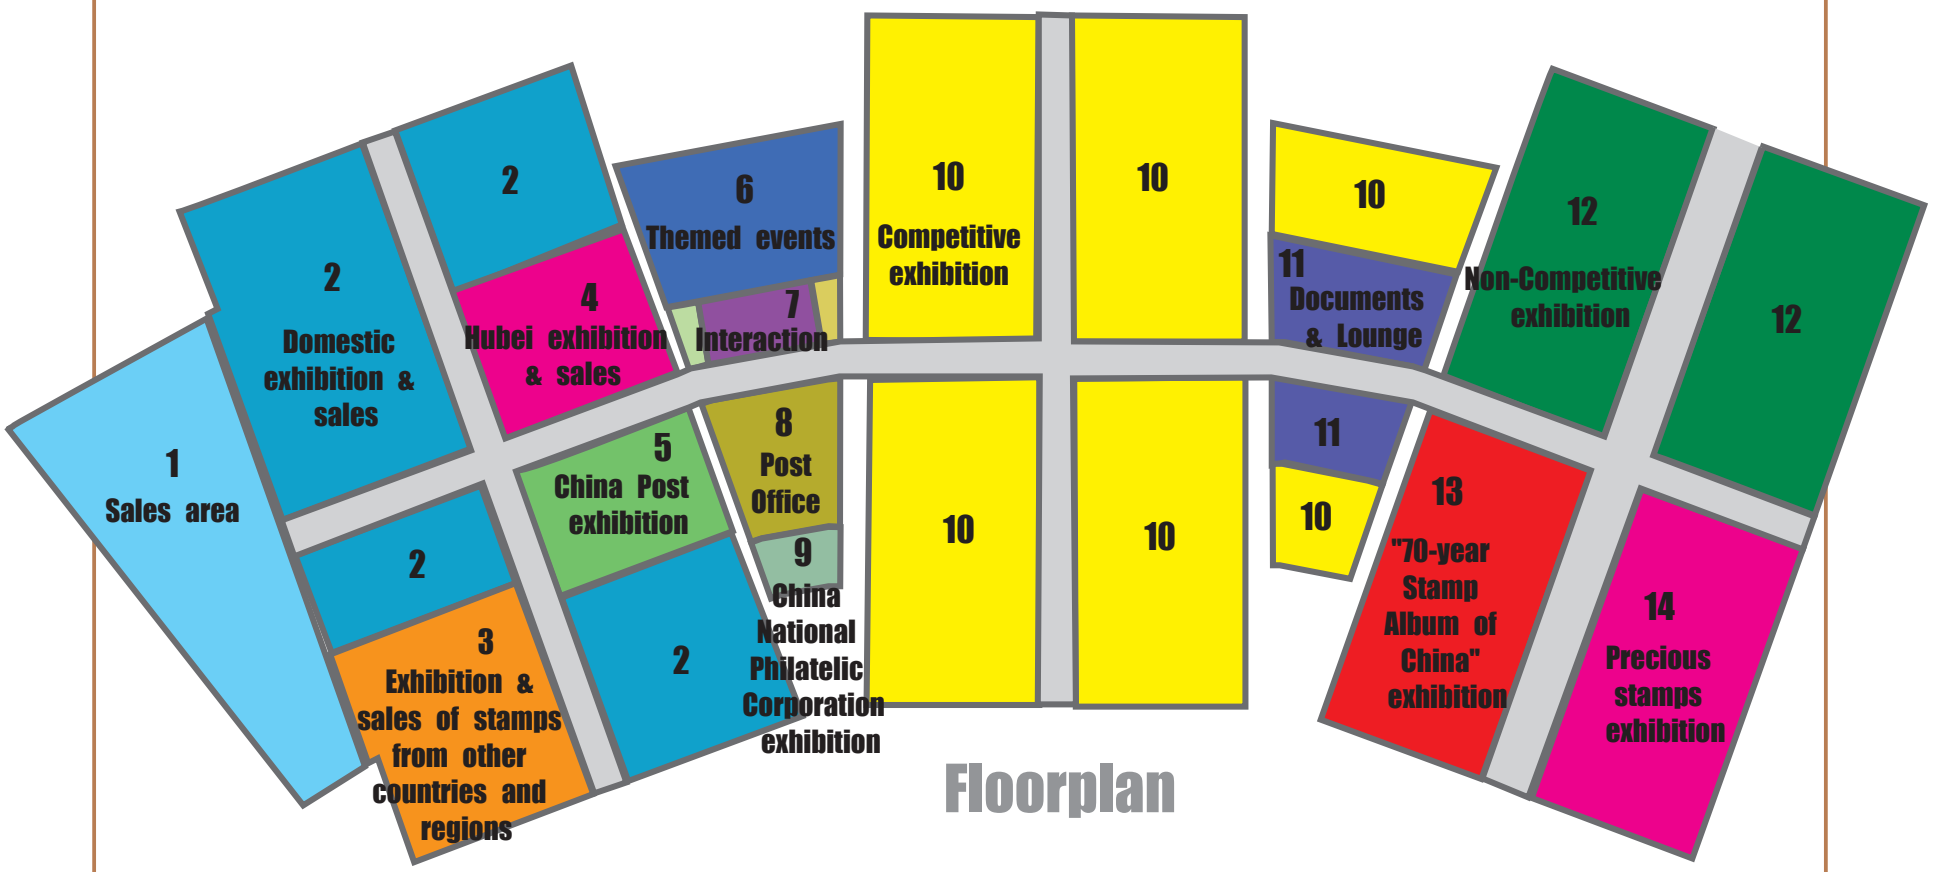
Guide to World Stamp Exhibition

Major exhibitions and themed events

The China 2019 World Stamp Exhibition will be held at the Wuhan International Expo Center and exhibit more than 4,000 frames of exhibits. How will you get there? What areas will be in the exhibition?

There will be five major exhibitions that show family letters, philatelic collections by youth, and photos. The China Philatelic Federation will organize the non-competitive exhibition which reflects China's economic, cultural, scientific and technological development. Picture postcards will debut as a competitive category for the first time. Below is a floorplan of the exhibition areas where visitors can easily find the stamps they are interested in.



Floorplan

WSE events

There will be a theme each day during the exhibition. Ten activities, three philatelic lectures and three international philatelic meetings will be organized.

Also included are spaces for cultural pavilions, temporary post offices, e-banking, special philatelic sales areas, and caterers.
